dtSearch Corp., 6852 Tulip Hill Terrace, Bethesda,
MD 20816. Tax ID # 54-157-7887

1-800-IT-FINDS • (301) 263-0731 • FAX (301) 263-0781
sales@dtsearch.com • www.dtsearch.com

All licenses include technical support and product updates for a minimum of one year. Technical support is to a *single point of contact* for developer and multi-user licenses.

dtSearch Desktop with Spider* _____ single seat @ \$199

dtSearch Network with Spider*

Number of seats: _____ 200 to 499 @ \$100 per seat
_____ 5 to 24 @ \$160 per seat _____ 500 to 999 @ \$80 per seat
_____ 25 to 99 @ \$140 per seat _____ 1,000 to 1,999 @ \$70 per seat
_____ 100 to 199 @ \$120 per seat _____ 2,000 or more @ \$60 per seat

Pricing is non-concurrent: a 100-seat license covers up to 100 individual users operating either in a shared network environment or as separate users (such as for laptop use). A single individual using multiple computers counts as multiple seats. Each terminal server user counts as a separate seat.

dtSearch Publish* _____ "Publish 250" @ \$2,500

"Publish 250": allows for distribution of up to 250 *identical* CDs, DVDs and other portable media, including "search-only" functionality (without giving end-users indexing ability). The media may run in an individual usage capacity only, and not from a shared-access server.

_____ **Special Web "Combo":** "Publish 250" + single-server dtSearch Web with Spider @ \$2,995

Royalty-free options available. Please contact dtSearch for details.

dtSearch Web with Spider** _____ single-server @ \$999

Technical support covers dtSearch Web with Spider only. **Technical support does not cover C++, Java, COM, .NET and other APIs.**

Server definition: each physical machine, including all load balancing, backup, testing and development machines, counts as a "server" for licensing. For multi-server licensing, please see dtSearch Engine.

dtSearch Engine for Win & .NET _____ 3-server pack @ \$2,500
_____ additional servers (beyond a 3-server pack) @ \$833 each

Includes C++, Java, COM and .NET developer APIs. Also includes dtSearch Web with Spider as an IIS deployment option.

Server definition: each physical machine, including all load balancing, backup, testing and development machines, counts as a "server" for licensing. In a remote cloud-based environment like Microsoft Azure, each instance counts as a "server" for licensing.

Royalty-free (from \$9,995) and other options also available. Please contact dtSearch for details.

dtSearch Engine for Linux _____ 3-server pack @ \$2,500
_____ additional servers (beyond a 3-server pack) @ \$833 each

Package requires C++ or Java programming.

Server definition: each physical machine, including all load balancing, backup, testing and development machines, counts as a "server" for licensing. In a remote cloud-based environment, each instance counts as a "server" for licensing.

Royalty-free (from \$9,995) and other options also available. Please contact dtSearch for details.

Order Total

*Requires Windows. **Requires IIS.
