Instantly Search Terabytes

- All licenses include a 30-day money-back guarantee.
- Software delivery is electronic.
- You can also order online — with immediate downloads — at dtSearch.com/dtStore.html. (Also has international currency selector.)
- All licenses include technical support and product updates for a minimum of one year.
- Technical support is to a single point of contact for developer and multi-user licenses.
- See dtSearch.com/license.htm for full license details.

dtSearch Desktop – single user license

Requires Windows

Single user license: a single individual may use the software on up to two computers, so long as the software will be used on both computers exclusively by that individual. In a terminal server environment, each terminal server user counts as a separate user. For successive installs on multiple different machines for forensics, e-discovery and similar investigative usage, please see dtSearch Desktop “investigative” license.

single user @ \$199 _____

dtSearch Desktop – annual single individual user “investigative” license

Requires Windows

Annual single individual user “investigative” license: this is an annual license covering use for one year by a single individual for forensics, e-discovery and similar investigative usage. A single individual may install, uninstall and reinstall the software successively on multiple different machines, provided that the software must be fully uninstalled on the previous machine prior to installation on another, so the software is only installed on one machine at any given time. In a terminal server environment, usage for each terminal server counts as a separate installation. This license also includes an additional dtSearch Desktop single-user license for personal usage. All other installations for either indexing or searching require additional licenses.

annual single user “investigative” @ \$999 covering one year _____

dtSearch Network – multi-user license

Requires Windows

Pricing is non-concurrent: a 100 user license covers up to 100 machines in a single organization with the software running either in a shared network environment or separately for each end-user (e.g. for laptops). In a terminal server environment, each terminal server seat counts as a separate user. dtSearch Network licenses also include use on a single additional machine for indexing and/or for shared network index access. All other installations for either indexing or searching — including temporary forensics and e-discovery installations — require additional licenses.

number of seats:

5 to 24 @ \$160 per seat _____	1,000 to 1,999 @ \$70 per seat _____
25 to 99 @ \$140 per seat _____	2,000 to 4,999 @ \$60 per seat _____
100 to 199 @ \$120 per seat _____	5,000 to 9,999 @ \$55 per seat _____
200 to 499 @ \$100 per seat _____	10,000 to 19,999 @ \$52 per seat _____
500 to 999 @ \$80 per seat _____	20,000 or more @ \$50 per seat _____

dtSearch Web – single server license

Requires IIS. Technical support covers dtSearch Web only. Technical support does not cover C++, Java, .NET 5 / .NET Core / .NET and other APIs.

Server definition: each physical machine, including all load balancing, backup, testing and development machines, counts as a “server” for licensing. For multi-server licensing, please see the dtSearch Engine.

single server @ \$999 _____

dtSearch Engine for Windows – SDK

APIs include C++, Java and .NET 5 / .NET Core / .NET; also has dtSearch Web as an IIS deployment option.

Server definition: license covers usage in one single organization, with technical support to a single point of contact. Each physical machine, including all load balancing, backup, testing and development machines, counts as a “server” for licensing. In a cloud-based environment like Microsoft Azure, each instance counts as a “server” for licensing.

Publish (for portable media use)	

dtSearch Publish 250 license

Requires Windows

"Publish 250": covers use of dtSearch Publish to create up to 250 "search-only" (without end-user indexing) portable media of identical content, distributable to up to 250 total users. All portable media copies must contain the same identical content under this option. The "search-only" portable media may run in an individual-usage capacity only, and not from a shared-access server such as IIS. This license includes a single user license of dtSearch Desktop for index building; additional dtSearch Desktop/Network are subject to separate licensing. See dtSearch License Agreement for additional license details.

"Publish 250" @ \$2,500 _____

Special Web "Combo": dtSearch Publish 250 + dtSearch Web single server "combo" license @ \$2,995 _____

dtSearch Publish "Annual Service Bureau" license

Requires Windows

"Annual Service Bureau": is an annual license covering one year of "search only" (without end-user indexing) portable media publishing from one location, with portable media content as set forth below. (A) The content must fall into one of the following categories: (i) confidential e-discovery or forensically retrieved data; (ii) confidential business transaction documents; (iii) data that Licensee has OCR'ed as a "service bureau" for Licensee's clients; (iv) subject to written approval by sales@dtsearch.com, other similarly narrow topics (oil rig specifications, cardiovascular information, airline regulations, etc.). (B) Portable media mastering must occur at a single physical location. (C) The "search-only" portable media may run in an individual-usage capacity only, and not from a shared-access server. (D) An annual license renewal is required to cover usage beyond the initial year period. (E) This license includes a single user license of dtSearch Desktop for index building; additional dtSearch Desktop/Network are subject to separate licensing.

Contact dtSearch for royalty-free and other options.

Important sales and use tax information. States that charge sales tax on electronically delivered software will generally require purchasers to pay use tax if sales tax is not charged at the time of the sale. If your state taxes electronically delivered software, and dtSearch Corp. did not collect sales tax at the time of the sale, then under state law you are generally required to file a use tax return reporting the purchase and paying the tax. For more information, please see <https://support.dtsearch.com/salestax.html>. Linked information incorporated by reference.
