Instantly Search Terabytes

- All dtSearch developer licenses include a single year of upgrades and technical support to a single point of contact.
- **This renewal extends upgrades and technical support for an additional year.**
- For questions on your licensing status, please contact dtSearch.
- Please also contact dtSearch for renewals if you have a signed license agreement.
- All renewals include a full 30-day money back guarantee.
- Software delivery is electronic.
- See dtSearch.com/license.htm for full license details.
- You can also order online — with immediate downloads — at dtSearch.com/dtStore.html. (Also has international currency selector.)

dtSearch Web • dtSearch Engine for Windows — “per server” license renewals

Server definition: license covers usage in one single organization, with technical support to a single point of contact. Each physical machine, including all load balancing, backup, testing and development machines, counts as a “server” for licensing. In an instance-based cloud environment, each instance counts as a “server.”

Renew _____ existing Web single-server license(s) @ \$525 each. **Technical support covers dtSearch Web only. Technical support does not cover C++, Java, .NET or other APIs.**

3-server and larger dtSearch Engine licenses include developer API support, including C++, Java and current .NET.

Expand and Renew _____ existing dtSearch Web license (1 server) to dtSearch Engine for Windows (3 servers) @ \$2,005.

Expand and Renew _____ existing pair of single server licenses to a 3 server license @ \$1,495.

For licenses covering 3 or more servers

Renew _____ existing 3 server license @ \$1,175.

Renew _____ existing 4 or more server license @ \$390 per server.

Along with renewing, to add more servers to an existing 3 or more server license:

Expand existing 3 or more server licenses to add _____ additional servers @ \$1,095 each. **This selection requires a current (for support and upgrades) dtSearch Engine for Windows license for 3 or more servers.** Please renew the underlying license for support and upgrades if support and upgrades have not been renewed in the past year.

Contact dtSearch to expand a license to bulk per server or royalty-free, or to add on an additional platform to an existing dtSearch Engine license.

Please complete ordering information on page 4

dtSearch Engine for Linux — “per server” license renewals

Server definition: license covers usage in one single organization, with technical support to a single point of contact. Each physical machine, including all load balancing, backup, testing and development machines, counts as a “server” for licensing. In an instance-based cloud environment, each instance counts as a “server.”

Renew _____ existing 3-server-pack @ \$1,175 for each 3-server-pack.

Renew _____ existing 4 or more server licenses @ \$390 per server.

Along with renewing, to add more servers to an existing 3 or more server license:

Expand existing 3 or more server license to add _____ additional servers @ \$1,095 each. **This selection requires a current (for support and upgrades) dtSearch Engine for Linux license for 3 or more servers.** Please renew the underlying license for support and upgrades if support and upgrades have not been renewed in the past year.

Contact dtSearch to expand a license to bulk per server or royalty-free, or to add on an additional platform to an existing dtSearch Engine license.

dtSearch Engine for macOS — “per server” license renewals

Server definition: license covers usage in one single organization, with technical support to a single point of contact. Each physical machine, including all load balancing, backup, testing and development machines, counts as a “server” for licensing. In an instance-based cloud environment, each instance counts as a “server.”

Renew _____ existing 3-server-pack @ \$1,175 for each 3-server-pack.

Renew _____ existing 4 or more server licenses @ \$390 per server.

Along with renewing, to add more servers to an existing 3 or more server license:

Expand existing 3 or more server license to add _____ additional servers @ \$1,095 each. **This selection requires a current (for support and upgrades) dtSearch Engine for macOS license for 3 or more servers.** Please renew the underlying license for support and upgrades if support and upgrades have not been renewed in the past year.

Contact dtSearch to expand a license to bulk per server or royalty-free, or to add on an additional platform to an existing dtSearch Engine license.

Renewal of “Publish 250” licenses

“Publish 250”: covers use of dtSearch Publish to create up to 250 “search-only” (without end-user indexing) portable media of identical content, distributable to up to 250 total users. All portable media copies must contain the same identical content under this option. The “search-only” portable media may run in an individual-usage capacity only, and not from a shared-access server such as IIS. This license includes a single user license of dtSearch Desktop for index building; additional dtSearch Desktop/Network are subject to separate licensing.

Renew _____ existing “Publish 250” license(s) @ \$875 each.

Renew _____ existing Special Web “Combo” (covering “Publish 250” plus one server dtSearch Web) license(s) @ \$1,295 each.

Renewal of dtSearch Publish “Annual Service Bureau” licenses

or

Upgrade to dtSearch Publish “Annual Service Bureau” licenses for existing “Publish 250” customers

“Annual Service Bureau”: is an annual license covering one year of “search only” (without end-user indexing) portable media publishing from one location, with portable media content as set forth below. (A) The content must fall into one of the following categories: (i) confidential e-discovery or forensically retrieved data; (ii) confidential business transaction documents; (iii) data that Licensee has OCR’ed as a “service bureau” for Licensee’s clients; (iv) subject to written approval by sales@dtsearch.com, other similarly narrow topics (oil rig specifications, cardiovascular information, airline regulations, etc.). (B) Portable media mastering must occur at a single physical location. (C) The “search-only” portable media may run in an individual-usage capacity only, and not from a shared-access server. (D) An annual license renewal is required to cover usage beyond the initial year period. (E) This license includes a single user license of dtSearch Desktop for index building; additional dtSearch Desktop/Network are subject to separate licensing.

Expand (or upgrade to) _____ “Annual Service Bureau” licenses covering one year @ \$3,500 each.

Other licensing options also available. Please contact dtSearch for details.

Important sales and use tax information. States that charge sales tax on electronically delivered software will generally require purchasers to pay use tax if sales tax is not charged at the time of the sale. If your state taxes electronically delivered software, and dtSearch Corp. did not collect sales tax at the time of the sale, then under state law you are generally required to file a use tax return reporting the purchase and paying the tax. For more information, please see <https://support.dtsearch.com/salestax.html>. Linked information incorporated by reference.
